The Freshman Class of 1991 is striving to reach their goals here at B.H.S. They have a long ways to go, but with alot of hard work and dedication they can make our four years here at B.H.S. as educational and memorable as possible. Although we have just begun, we won't give up until our goals have been reached ... One of our goals this year is to start raising money for our Junior-senior Prom, but remember "we have only just begun."

Class Of "1991"

Funky Freshman

The Funky Freshman really seem to be getting with it this year. The majority seem to like it here at B.H.S. As the year comes around we will show the true Spartan Spirit of the class of "91". Most of the freshman are participating in sports like: x-country, volleyball, football, and even cheerleading and band. The thing we really like is being off campus and the pep assemblies. It's a change but not much; the classes have more people in them but we get along. "We the Class of "91" will always be the rowdy and mighty ones!!!"

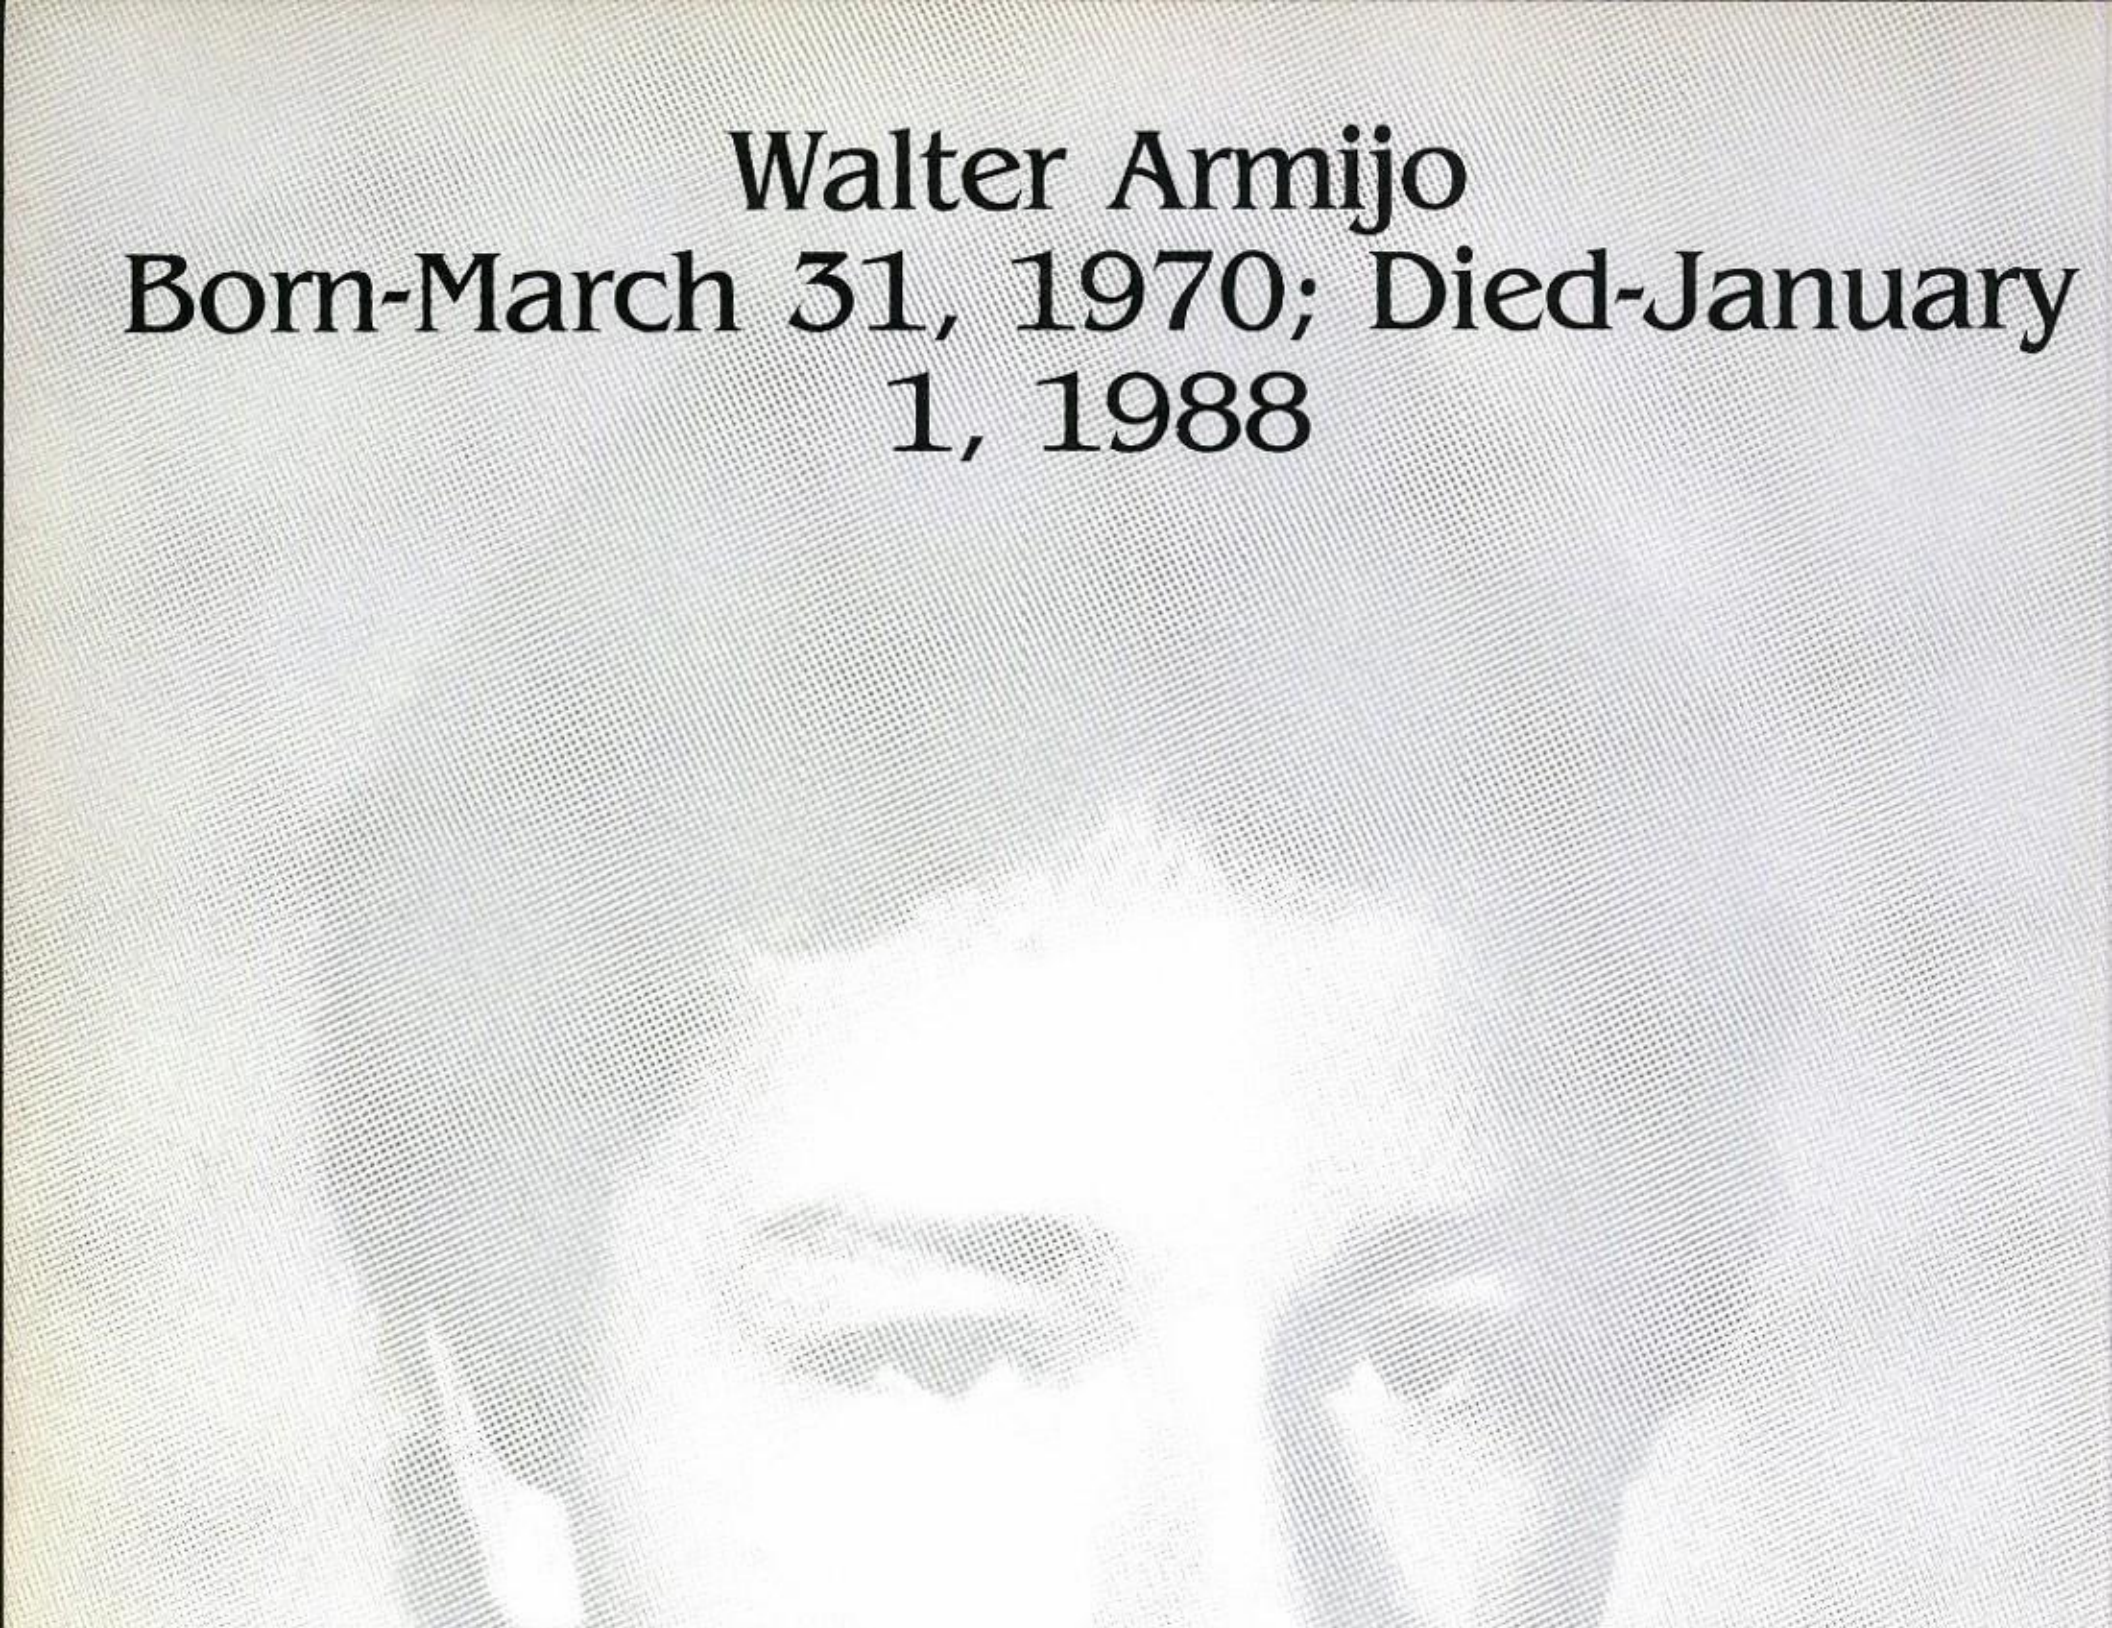
Manuel Montano

On campus FUN!!!

Hey you guys!!!

Class is Great!!!

Walter Armijo
Born-March 31, 1970; Died-January 1, 1988



I shall not pass this way again —
Although it be bordered be with flowers.
Although I rest in fragrant powers,
To highest heaven their gladsome flight;
Though moons are full and stars are bright;
And winds and waves are softly sighing,
While leafy trees make low replying;
Though voices clear in joyous strain
Repeat a jubilant refrain;
Though rising suns their radiance throw
On summer's green and winter's snow,
In such rare splendor that my heart
Would ache from scenes like these to part;
Though beauties heighten,
And life-lights brighten,
And joys proceed from every pain —
I shall not pass this way again.

I love the beauty of the scene,
Would roam again o'er fields so green;
But since I may not, let me spend
My strength for others to the end —
For those who tread on rock and stone,
And bear their burdens all alone,
Who loiter not in leafy bowers,
Nor hear the birds nor pluck the flowers,
A larger kindness give to me,
A deeper love and sympathy;
Then, O, one day
May someone say —
Remembering a lessened pain —
"Would he pass this way again." ----------Eva Rose

I will throw
my soul to the sky
Just as many times
before.
And with all my
heart
I know you will
be there
to catch it
For my honor
to
has never died.

Nor the love
you once
promised,
for time will
not pull apart
But only strengthen
the bond----
We've grown
to
know . . .

SYLVIA ALCALA

Born: 7-18-69 Passed away 12-10-86

Nature's first green is gold,
Her hardest hue to hold.
Her early leaf's a flower;
But only so an hour.
Then leaf subsides to leaf.

So Eden sank to grief,
So dawn goes down to day.
Nothing gold can stay.

-Robert Frost

Bernalillo Olympians stride to golden wins

By Robin Anderson

Medal clinked against medal and ribbons fluttered on the red t-shirts of the Bernalillo Special Olympics team as its members took home the gold, silver and bronze of two days of competition at Milne Stadium last weekend.

The team is made up of athletes from St. Joseph Manor House, Bernalillo elementary and the high school. Fourteen members competed in the track events which began Friday night and continued through Saturday.

Assistant Coach Bruce Penley won two golds and one bronze medal. Terry Derrick, Ronny Hand and Angela Castro gave winning performances to pick up two gold medals each. Alex Montoya received one gold and a bronze as did James Chavez. John Knox also won one gold and a silver, and Larry Silver finished first, second and third for the gold, silver and bronze.

James Haggerty put in two silver performances and one bronze. Bob Gault also came back with two silver medals and a bronze, while Billy Phyler and Billy Druse each grabbed a silver and a bronze.

Joe Madrid and Felix Vargas finished off the field with a bronze medal each.

Coach Jeff Rayborn said the team did better than last year and every member had a great time. He, along with the team, will be back on the track next year.

"I've already heard that at least three more from the Manor House want to join next year," Rayborn said.

3HS improving on volleyball 'basics'

Jay P. Tharinger.

Rita Madrid, Bernalillo High School Spartan volleyball coach, has never play- volleyball herself, so she is the first to admit she's learning the game as well. "I ire I have the determination. If I can do it, the team can do it," she said. Madrid is entering her third year as volleyball coach for the Spartans, a feat in lf. No other Bernalillo volleyball coach has lasted more than two years. cording to Madrid, this perpetual change of leadership has hurt Spartan volley- l in the past.

lut now, with Madrid's dedication to the program, more girls are expressing an rest in the program and are turning out in greater numbers. Thirty-four girls d out for the team this season.

Madrid began coaching the girls midway through the 1985 season, when the d coach resigned without completing the season.

And Spartan volleyball has been improving ever since.

,ast year, the Spartan girls came away with a fourth in district, 7-5 record. 'Compared to last year, we've got a better team," said Madrid. "The more you w, the more you know." Bernalillo had an impressive number of girls turn out season, compared to seasons past. A total of 14 are returning players from last son and 11 are seniors.

At 5-foot-9, senior Julie Arnett will be the team's tallest. Lynette Trancosa and chelle Pasera, both 5-foot-8, will accompany Arnett from the outside.

According to Madrid, the average height of this year's team is 5-foot-5. Taller ls are all-important to a volleyball team, in terms of blocking at the net and

"We've got some girls, shorter girls, who can jump, which is also important t team," said Madrid.

Improving on last year's record will take some "back to the basics" wo according to Madrid. Aside from the fundamentals, those basics include positi attitude and teamwork, she said. "Both of these can be obtained by discipline a setting an example as a coach," said Madrid.

"For me, the team comes first," said Madrid, "for the girls, teamwork is t most important part of this game. But from game to game, for the most part, tl teamwork will depend on the girls' attitudes."

"I figure I have the determination. If I can do it, the team can do it."

Rita Madrid

"I have girls that have improved 100 percent from last year," said Madrid, "I I tell each and every one of them there's always room for more improvemen

Bernalillo opens its 5AAA season against St. Michael's in Santa Fe on Sept. Their first home game is against Socorro on Sept. 15.

According to Madrid, their toughest competition this season should Academy and Moriarity high schools.

"I tell the girls to concentrate on each game as it approaches to keep momentum... just to be ready and to do their best," said Madrid. "This, and a lit

IF THERE'S SUCH a thing as a pretty defeat, the Bernalillo volleyball team would like to submit a few for consideration.

The Spartans, 3-9 overall and 2-5 in strict 5AAA, are not losing by much, a loss is still a loss.

We're not too disappointed," said the rtans' coach, Rita Madrid. "I know girls want to win and they're not just ecting to lose. But we've had a few rries that have set us back."

a few injuries have turned into four, l that won't help the Spartans when y close out the season with three ight district games.

They'll have to win all three to finish 500 for the year.

We have a good chance," Madrid said. olleyball is a momentum game, and for we just haven't had the momentum ng into the last couple games of a tch."

The Spartans' loss to St. Pius was a d example of Madrid's point.

With St. Pius, Bernalillo had won the t game, then lost two close games for match.

It was the same way against Menaul," drid said. "We won the first game and o got overconfident. Well, they got the mentum when they knew we were

RITA MADRID:

"Volleyball is a momentum game, and for us we just haven't had the momentum going into the last couple games of a match."

But even in defeat, Madrid said, the losses "haven't been too bad."

"In my first year of coaching (two years ago)," she added, "they would've made us look bad. We wouldn't score more than a couple a points every game.

"But these are close matches we're losing. And if these girls are as confident with their skills as I am, we'll be OK."

The Spartans did better than OK in their win over Class AAAA opponent Highland last week.

Bernalillo has also two consecutive district wins over Grants — one at home, and the other on the Pirates' home court.

The best news for the end of the season is that two of Bernalillo's

On Friday, the Spartans entertain Academy, and Oct. 27 they play host to Moriarty.

"I feel like they've been working together most of the time," Madrid said. "With us, we don't have the players with five years' experience like the Albuquerque schools. Mine all have two or three years at the most."

Madrid said a feeder system within the junior high would benefit the volleyball program at the high school.

Unfortunately, Madrid probably won't be the coach when and if a program gets under way.

"I've decided that this would have to be my last year as the coach," she said.

"I have two boys at home that I want to spend more time with. And I talked with my husband, who's also a coach, and we made the decision."

Madrid said that during her first year as coach she told her husband that she wanted to remain the coach until she took the team to the state tournament.

"But with two coaches in the family my kids would've suffered," she said.

Madrid has already told the team that she wants to make her last year a memorable one.

"Hopefully," said Madrid, "we'll be able to pull it out at the end. This is going to be a good season, even if we don't win all the time. These are quality

Spartans lose another, yet they remain optimistic

By Jay P. Tharinger

The Bernalillo Spartans varsity football team suffered another one of their heartbreaking losses last Saturday against West Las Vegas, 29-8.

The first quarter was, for the most part, competitive. But in the second quarter, West Las Vegas decided they had had enough of competition and ran away with the ballgame.

With an incredible series of scoring drives, Vegas accumulated 20 points in five minutes late in the second quarter. Vegas scored on runs from five, seven and four yards out. In the second half, they would score again on a 49-yard touchdown pass and a field goal.

In the meantime, the Spartans produced nothing but penalties. They were charged with 265 yards worth of penalties in the first half alone. When they weren't being penalized, the Spartans were afflicted by turnovers.

"We moved the ball real well between the 30-yard lines," said Spartan coach Chris Jaramillo. "But when we got near the goal line, we just couldn't punch it in."

The Spartans did eventually punch it in late in the fourth quarter, saving the shutout.

A 65-yard passing play from Bernalillo quarterback Bill Baker to Gary Fierro almost went for six points, but Fierro was stopped three yards short of paydirt.

Shortly after, senior Brian Perez ran in from a few yards out finally putting the Spartans on the board. Perez would run in again, giving the Spartans a 2-point conversion.

Perez rushed for 85 yards on 12 carries on the day and Fierro caught three passes for 135 yards.

Despite only one win on the season, the Spartans remain optimistic.

"We're still keeping after it," said Jramillo, who is already preparing for next week's game against frontrunner Espanola.

"They're a good team, it'll be a challenge," said Jaramillo. "But we're not giving in."

The game will be Friday at 7:30 p.m. at Espanola.

Spartans end dark season

By Jay P. Tharinger

Under dark clouds and threats of rain, the Bernalillo Spartans ended a gloomy season Saturday by losing to the Albuquerque Academy Chargers, 21-0. The Spartans finish 1-9 on the season.

Although outsized, the Spartans played perhaps their best defensive game of the season by hitting hard and hitting quick off the line. The Chargers stuck primarily to a running game, rarely picking up more than four or five yards at time. But as the day wore on, those runs would get longer and longer.

With 42 seconds left in the first half, the Chargers put their first points on the board on a run from three yards out.

Thirty seconds remained in the half as the Spartans took over possession and took to the air, only to have their passing game backfire.

On 2nd-and 10, Spartan quarterback Bill Baker threw an interception on a missed pattern pass down field. The Chargers returned the ball far enough down field to add a field goal with 11 seconds remaining. The half ended 9-0.

The Chargers penetrated the end zone once again early in the third quarter from 3 yards out. The extra point was good for the 16-0 lead.

Confident with the lead, the Chargers took to the air in the fourth quarter, somewhat successfully.

Bernalillo sophomore Pat Lovato took advantage of the airborn ball by nabbing two interceptions on two consecutive Charger possessions. But however strong the defense, the Spartan offense couldn't produce the points.

Working deep in their own end, and from the shotgun, a high snap sailed over Baker's head and out the back of the end zone for a Charger safety.

Midway through the fourth quarter the Chargers added three more points on a field goal from 14 yards out to win the game 21-0.

The 1987 Spartan football team did have a rough season. Everyone who participated deserved more credit than they've received. Our Team had to put up with tremendous amounts of ridicule and criticism throughout the season. Remarks and comments were made about our previous game, and a majority of them weren't exactly supportive. "So, how bad did you lose this week?" We've heard it all, and yes, it does get frustrating after a while. Sure, we could have given up, but we're not quitters. It would have been very easy for anyone of us to turn in our equipment and join the critics. We would have enjoyed just going home after school to relax, but instead we showed up at practice. Repetition and execution of plays is boring and is even more difficult when the team isn't winning. Sometimes the desire and dedication wasn't at the level in which it should have been. Those who did believe in us, such as the coaching staff and a few loyal fans, knew what we went through. In my opinion, Chris Jaramillo did an outstanding job coaching and helping the team maintain a positive attitude. With all the work he has done for us, most of which has gone unappreciated, I know he will be rewarded by his efforts sometime in the future. Considering the unexperienced group he had to work with, he showed the same enthusiasm that another coach might with a championship team. That's probably the main source of motivation that kept us all from losing hope. The whole football team were winners themselves, because they never gave up and they supported each other when no one else would.

BHS Spartans win first, 14-12

By Jay P. Tharinger

The Bernalillo Spartans have won their first varsity football game of the season. And it took a gutsy fourth down play to do so.

The Spartans defeated Zuni High School Saturday, 14-12.

"Zuni has a good, physical ball club," said Spartan head coach Chris Jaramillo. "It was an incredible victory for us."

Zuni had the lead going into the fourth quarter, 8-6, as they picked up a Spartan fumble on the Bernalillo 12-yard line.

The Spartan defensive line knew how important it was to keep Zuni out of the end zone during these final critical minutes. But they couldn't. For the first three downs, the Spartan line kept Zuni from reaching paydirt stopping the outside run.

On a 4th-and-one quarterback sneak, Zuni was seemingly stacked up at the goal line and the Bernalillo bench was certain they had held. But the referee felt otherwise, signaling a touchdown.

Zuni's extra point was blocked but they had increased their lead to 12-8.

Late in the fourth quarter, it looked as though the Spartans would be handed their fifth straight defeat.

Senior fullback Brian Perez received the Zuni kick off and returned the ball to their own 36-yard line.

Then their series began.

On first down, quarterback Bill Baker threw an out pattern to Bernalillo sophomore Shane Mortensen who dropped the ball.

"He was thinking touchdown, even before he caught the ball," explained coach Jaramillo.

Second down was just as effective, going for another incompletion.

Third down was even worse as the Spartans were caught holding and penalized 15 yards. Their next play, a 3rd-down and 25 pass attempt to junior Jerry Gurule was caught, but out of bounds.

Two minutes remained and Bernalillo was 70 yards from the end zone. So, with 4th-down and 25, the Spartan offense pulled out all the stops.

The play was sent in, a Pump Five; a fake pass to the outside, then long.

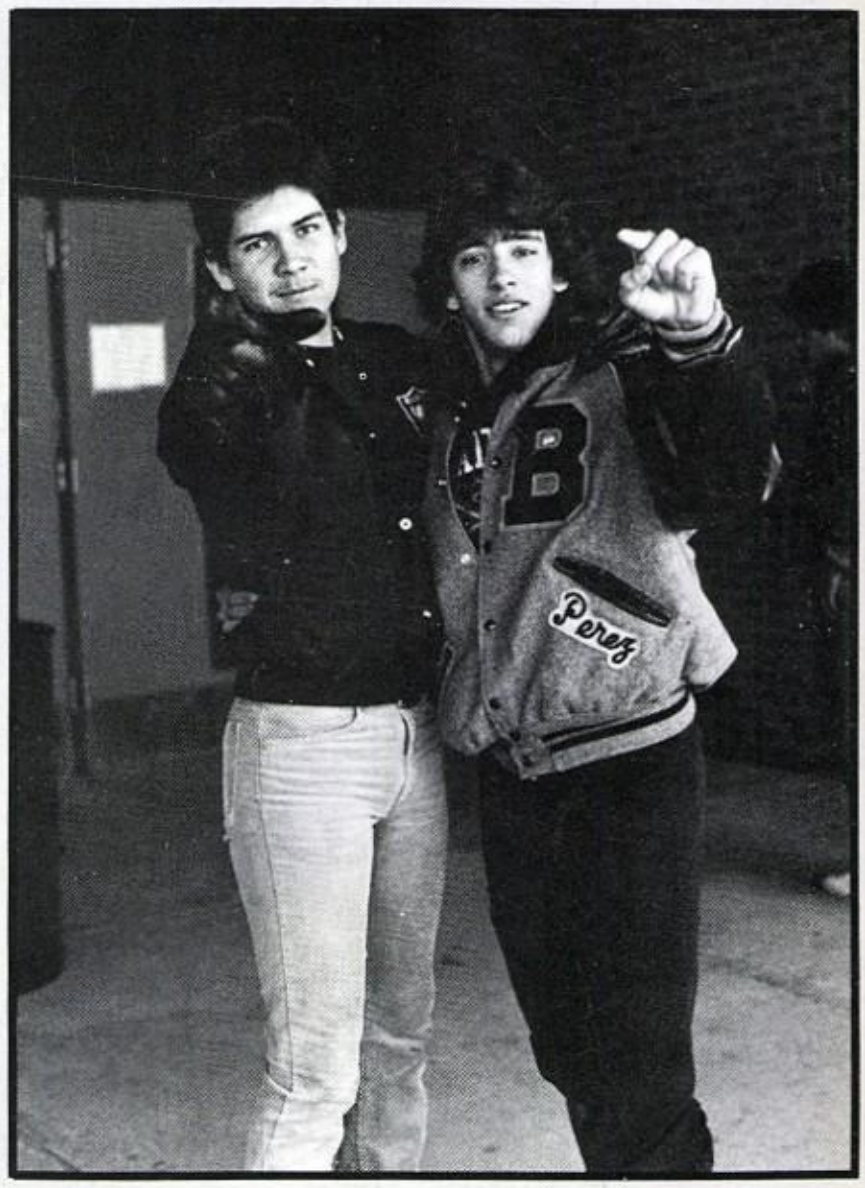
Baker drew the defense away from center stage with a pump to the right then connected with junior wide receiver Andy Chavez who covered 70 yards and went in for the touchdown.

Their extra point was blocked, but that really didn't seem to matter at that point.

Zuni still had 1:50 left on the clock to strike back. But their balloon had been deflated and they couldn't produce a first down. From that point, all Bernalillo had to do was run out the clock.

"We were optimistic going into this game," said Jaramillo. "The team's attitude all week was tremendous."

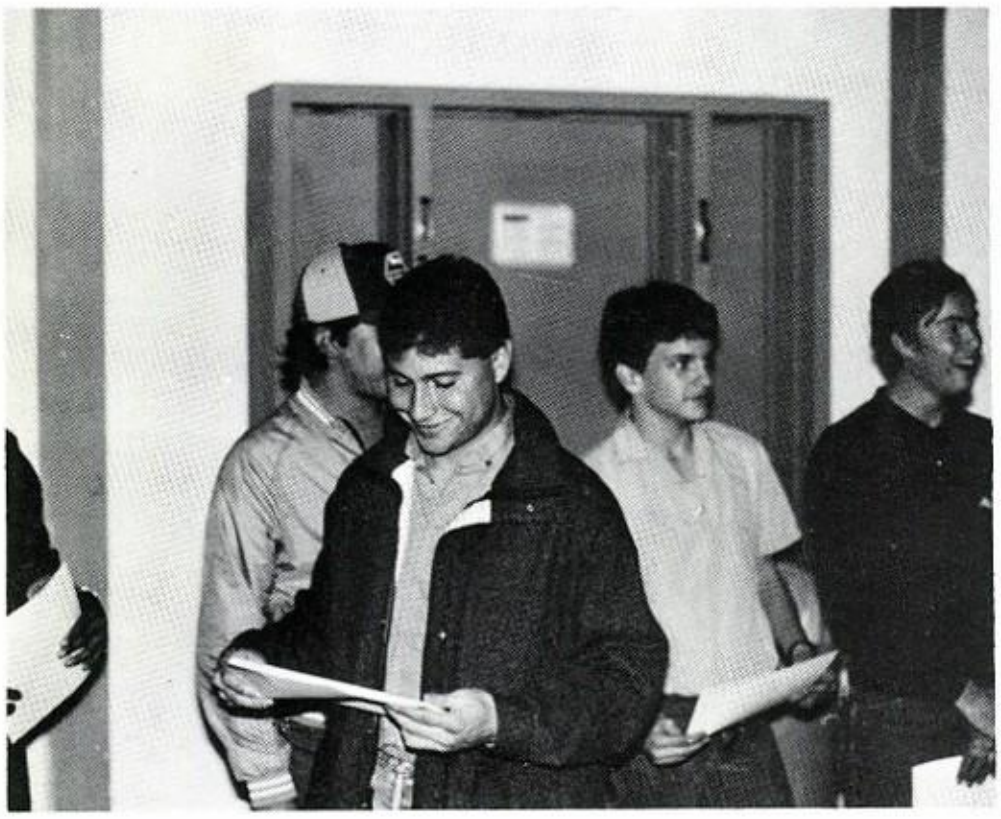
The Spartans play on the road again Saturday against West Las Vegas. Kickoff is at 1:30 p.m.



The varsity volleyball team worked very hard and accomplished a lot. They grew close and fond of each other. That's part of being a team.

This was Vicky Garcia's first year as J.V. volleyball coach. She's very tough and believes in self discipline. Her team had a great season. Hopefully she'll be back to coach the varsity next year.

The J.V. football team was tough and rough. Their offense was the best and their defense dominated. Most of these young men will make up the varsity next season and the football team will be # 1.



Goodbye to the senior football players. They made the year great. They showed leadership to the underclassmen. Maybe someday they'll make the pro's.

These tough girl's will be back to make up the varsity next season. They did a great job this year considering they were all 1st time players. Lot's of ACTION, lots of SPIKING!

Fall Sports Banquet 1987

B.H.S.

The girl's cross country team had a very successful season. The girl's improved week by week, and injuries did not slow them down. We did not have any depth, so a serious injury to any of the girl's would have hurt us tremendously.

We won the first place trophy at our invitational & the second place trophy at the Santa Fe Indian School Invitational. These meets were a good preparation for the district meet to take the district championship. Our fantastic freshman, Pheadra Valesquez took first place, Rita Tenorio second, Cynthia Sandoval fourth, Donna Tenorio fifth, Michelle Candelaria eighth, and Dawn Blue Sky was tenth. The most valuable runner for the season was Pheadra Valesquez. She also placed seventh individually in the State Meet. The two graduating seniors are Donna Tenorio and Dawn Blue Sky. We are looking forward to continuing our fine tradition of winning next year. - Coach Roger Hamel

I would like to commend the senior volleyball players for their outstanding sportsmanship leadership, and positive attitude. Tomacita Pena is commended for the most valuable player. Rochelle Garcia and Julie Arnette for most improved players.

I enjoyed coaching these girl's and wish them the best in their future plans. - With Love, Rita L. Madrid, Head volleyball coach

It was a year to re-build the team. Because the team graduated last year, we started over again with new players and coaches. The skills and teamwork improved greatly during the season. Next year promises to be a good season and time to go farther with our skills. - Soccer Coach Ron Olson

Thanks for the 5 years in cross country. It was fun taking on all the challenges, we hope that in the years to come the Spartans will always be a challenge to run against. Thanks to coach Howden and coach Hamel for the encouragement and support Good Luck to the future Spartan runners. Gotta Run! - Donna & Dawn

A Time To Remember

Senior fullback Brian Perez played a crucial part in the Bernalillo - Santa Rosa game, but then, he always played crucial parts. He scored from 25 yards out and lead the spartans in yards. Thanks for a great season Brian, Goodbye & Goodluck.

The football team presented their manager, Henrietta Willie, with a red & white pullover, embroidered with her nickname. Hanks worked hard to keep up her team and manage it.

Chris Jaramillo coached his team to a great season. Even though many games weren't won, the coach kept his cool and was enthusiastic. Job Well done!

Donna Tenorio was part of the heart-n-soul of the girl's cross country team. Being a senior runner she showed outstanding leadership and pride. She's an awesome runner.

Gary Fiero was a leader this year and next year he'll be back to help spark the team on the field and for sure they'll have a great season.

Roger Hamel had a fantastic first year as head coach for the girl's cross country team. His girl's were district champions and took 5th at state! GOOD JOB COACH!

Phaedra Valesquez is one of the best runners Bernalillo has ever had. She was the district champion and took 7th at state. Phaedra is only a freshman so she'll be back many years to win more titles.

Our high school can grow into a social unit wich encourages all its participants, adults, and young people to become confident, constructive, and self-motivated individuals. A person equipped with these tools can survive and succeed at any job and social challenge. If our school can also teach its participants the value of showing concern for each other, then we can share the goal of making life better for all society.

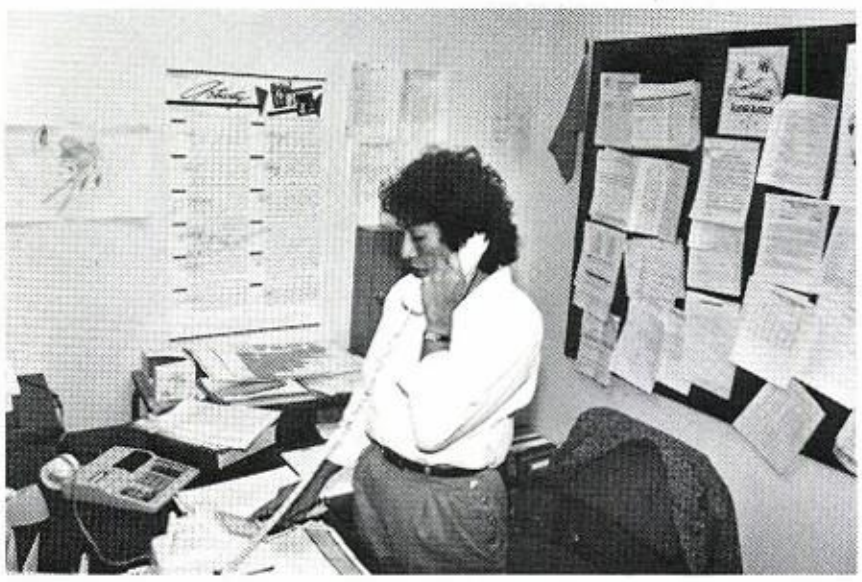
A high school diploma is the most important stepping stone into adulthood for any person. Without one, a person's furture is rather bleak and somewhat uncertain. It is my belief that a person should not give another person in authority an excuse for not employing them. This high school diploma is like a ticket into the future.

-Tom Crespin



My first year as an assistant principal at the high school has been the most rewarding since I began my career in education. When the announcement was finalized, I felt very apprehensive. In fact, my apprehension soon grew into anxiety. Today, I feel glad I took the position. My approach has been one of enthusiasm and support for both staff and students. I want to be a visible administrator accessible to students needs at all times. I will continue to attend as many student and athletic events as possible.

I'd like to thank everyone for believing in me. And . . . I love Bernalillo High!

The Social Studies department at BHS must play a vital role in the eudcation of our students. We live in such a history laiden area of the world dating back before the time of recorded history and yet we are very much a part of the modern world today. Our department strives to relate the past to the present. We attempt to answer the questions: "Who are you? Where did you come from? How did we develop the world we live in today? Where are we headed? How can we avoid the mistakes of the past?"

We want our students to understand that the world is made up of more than just the three cultures of the Rio Grande River Valley. We must learn to respect, understand, and live in peace with all the people of the shrinking world.

BOARD OF EDUCATION

SUPERINTENDENT'S MESSAGE

I am very excited and thrilled to be the Superintendent of this outstanding school district. My educational experiences in my short tenure at Bernalillo have been challenging and rewarding and can honestly say that I have never met such outstanding groups of students and staff.

I hope that by our joint efforts we will continue to improve the educational quality and experiences for all concerned in the Bernalillo Public Schools, and specifically Bernalillo High School, and because of this effort we will undoubtedly be the number one school in the state.

As I walk down the halls and classrooms I think of all the traditions and its outstanding alumnus and I am so thankful that I can be a small part of this high school. I hope all of you feel as proud as I do to be a part of this school and community.
